

Terms and Conditions of Entry, including Privacy Policy, for the “STREICHER Drilling Technology – 5,000 Followers” competition on the LinkedIn account of STREICHER Drilling Technology GmbH

These terms and conditions, including the privacy notice, apply to the “STREICHER Drilling Technology – 5,000 Followers” competition (“Competition”).

For the sake of readability, the generic masculine form is used. This explicitly includes women and other gender identities.

1. Organiser

The organiser of the competition is STREICHER Drilling Technology GmbH, Josef-Wallner-Str. 5a, 94469 Deggendorf (“STREICHER Drilling Technology” or “we”). The competition is not affiliated with LinkedIn and is not sponsored, endorsed or organised by LinkedIn. By taking part in the competition, all participants release LinkedIn from any claims or liability in connection with the competition.

2. Participants

Eligible to enter are individuals who are over 18 years of age at the time of entry. Entrants may be required to provide proof of their eligibility to enter the competition. If entrants fail to provide proof of eligibility within the deadline set by STREICHER Drilling Technology, STREICHER Drilling Technology reserves the right to exclude them from the competition.

3. Prizes

The prizes on offer are two STREICHER beer mugs. In the unlikely event that a prize is unavailable, STREICHER Drilling Technology reserves the right, at its own discretion, to replace it with a prize of equivalent value.

4. How to enter?

The competition will run from 26. August 2026 to 09. September 2026. During this period, visitors to the STREICHER Drilling Technology LinkedIn account will have the opportunity to estimate the weight of a blowout preventer (‘BOP’) in kilograms. The person whose estimate comes closest to the actual weight will receive two STREICHER beer mugs. Participants must also follow the STREICHER Drilling Technology LinkedIn account and ‘like’ the competition post. Entry to the competition is free of charge. Participation is independent of any purchase of products or services from STREICHER Drilling Technology.

5. Determination and notification of the winner

Once the competition period has ended, all entries will be checked and the participant whose answer is closest to the actual weight of the BOP will be selected.

The winner will not be announced via the LinkedIn account. The winner will be notified via a private message on LinkedIn.

The winner must provide the required details immediately, or at the latest within 14 days, of being notified of their win by sending a private message to the STREICHER Drilling Technology LinkedIn account. These details consist of the winner’s first name, surname, date of birth and address for dispatch purposes. Should the winner fail to come forward within the 14-day period, the prize will be forfeited without replacement.

6. Delivery of the prize

The prize will be dispatched by post to the address provided by the winner shortly after STREICHER Drilling Technology has received the details provided by the winner in accordance with point 5. In the event that the prize cannot be delivered, STREICHER Drilling Technology is under no obligation to make further enquiries. In this case, the claim to the prize shall lapse. Upon dispatch, the risk of deterioration and accidental loss passes to the winner.

7. Exclusion of participants from the competition

STREICHER Drilling Technology reserves the right to exclude from the competition, without giving reasons, any participants who breach these terms and conditions or who attempt to gain an advantage through manipulation. In such a case, the prize may also be revoked retrospectively and reclaimed. A participant may be excluded in particular if they (i) are not eligible to take part, (ii) have provided incomplete or untruthful information when entering, (iii) have used unauthorised aids or have otherwise gained an unfair advantage through technical or other manipulation (e.g. manipulation of the prize draw), (iv) has committed fraudulent acts in connection with their participation, (v) has breached applicable laws through their participation, or (vi) has attracted attention through other unfair or rule-breaking behaviour. The same applies to any attempt to commit the aforementioned acts.

8. Failure to deliver the prize

Should it not be possible to award the prize to the winner (e.g. because the entitlement to the prize has lapsed in accordance with the terms and conditions of entry or the winner does not accept the prize), STREICHER Drilling Technology shall, at its sole discretion, decide what is to be done with the prize (e.g. whether the prize is to be awarded to participants who did not win, in accordance with these terms and conditions, or whether it is not to be awarded and is instead to be used, for example, for another competition).

9. Early termination of the competition

STREICHER Drilling Technology may suspend, cancel or terminate the competition early at any time without prior notice if disruptions, manipulation or similar incidents occur that impair the administration, security, fairness or integrity of the competition. Participants may not derive any claims from a suspension, cancellation or early termination.

A notice regarding the suspension, cancellation or early termination of the competition will be published on LinkedIn.
